Additional Fee Workshop

1:00-5:00pm	Heart Disease KSA Workshop (8.0 CME)
-------------	--------------------------------------

KSA GROUP LEARNING SESSION

Please join us for our KSA Group Learning Sessions on Palliative Care and Heart Disease. The Clinical Self-Assessment (formerly Clinical Simulation) is no longer required and is an optional activity. All results from the KSA will be automatically transmitted to the ABFM. At the completion of the self-assessment module, participants will receive 8 CME and 10 points for each KSA from the ABFM. Additional per-session fee of \$150 for Meeting Attendees and \$200 for Non-Meeting Attendees.

ACCREDITATION

Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

Physician Credit: AAFP Prescribed Credit is accepted by the AMA as equivalent to AMA PRA Category 1 for the AMA Physicians Recognition Award. When applying for AMA PRA, prescribed credits earned must be reported as Prescribed Credits, not as Category 1. Each physician should claim only those credits that he/she actually spent in the educational activity. One hour of lecture equals one credit. Program evaluation must be completed and turned in to receive credit.

AAFP adheres to ACCME Standards regarding industry support of continuing medical education, and disclosure of faculty and commercial sponsor relationships (if any) will be made known at the activity. Speakers are also expected to openly disclose inclusion of discussion of any off-label, experimental, or investigational use of drugs, devices, or equipment in their presentations.

OBJECTIVES

Physicians attending this program will receive current information on a diversity of medical topics pertinent to patient care in daily practice. Topics were chosen from suggestions submitted on evaluation forms completed by 2020 Winter CME Meeting attendees, as well as future trends and the relevance to quality patient care. At the conclusion of the program, registrants will have a working and applicable understanding of these topics.

Objectives for each individual presentation will be included in the meeting syllabus and speaker handouts. This meeting also allows an opportunity for students, residents, practicing physicians, educators, and faculty to interact academically, professionally, and socially.
